

Model	100/300/400/500/600/700/800/ 1000/1200mm	Voltage	220V
Brand	Haobai	Power	1-2KW
Name	Vertical cutting machine	Cutting Speed:	34m/min
Cut Tool:	Cold cut	Cutting Width:	100-1200mm,can Customizable,
Cutable Materials:	Bubble warp/Pet,pvc film/ Aluminum sheets/copper sheets/Nonwoven fabric/EVA foam/paper roll	Cutting Length:	Max 9999cm

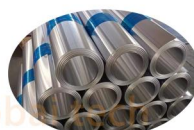

Application: Cuttable materials

Bubble wrap

PET/PVC film

Aluminum/Copper Sheets

Non-woven fabric

EVA foam

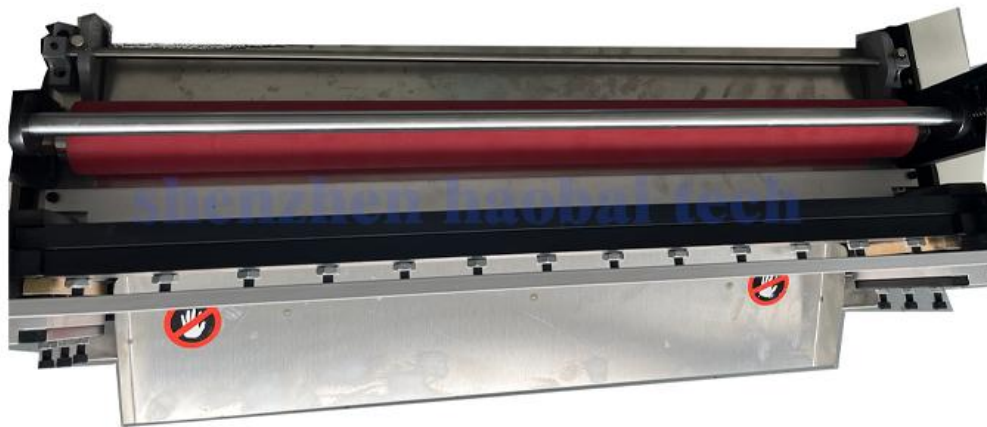

Paper roll

Touchscreen control, high-speed feeding, simple operation, and precise cutting.

Floor-standing bearing rack, matched with tapered bearings, makes automatic material feeding and cutting by the machine easier.

The rubber wheels are made of eurylene rubber, which has high hardness, wear resistance, pressure resistance and high temperature resistance.

The blade is made of SDK11 steel, which is durable and has a sharp edge that cuts cleanly without burrs.

Multiple tensioning devices ensure the material remains flat at all times, preventing it from being cut at an angle.
