Our application examples (cuttable shapes)

## 机器产品细节图展示

The length can be set via machine buttons, with a minimum setting of 1mm and a maximum setting of 99999mm. For the die-cutting shape, please leave a message with customer service, and we will recommend a suitable solution based on your shape.

The machine has a material shortage alarm; it will automatically stop cutting when the material is completely cut.

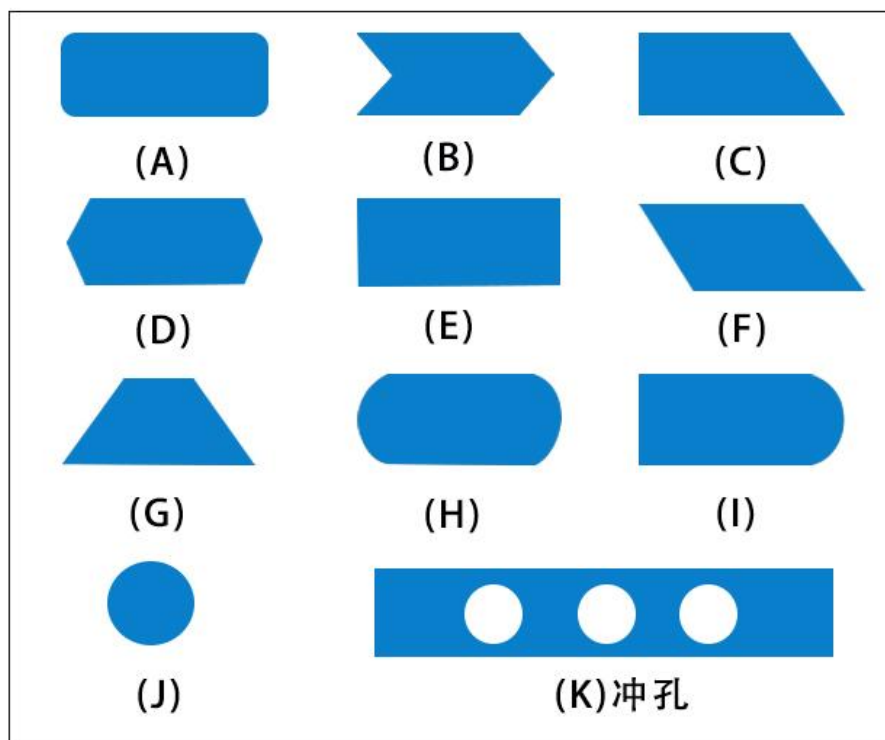

These are some common die-cutting molds. The 988 die-cutting machine can be set to a maximum width of 40mm for irregularly shaped Velcro. For larger widths, we have other high-powered machines (140mm/160mm/220mm) available. Please leave us a message with your specific requirements.

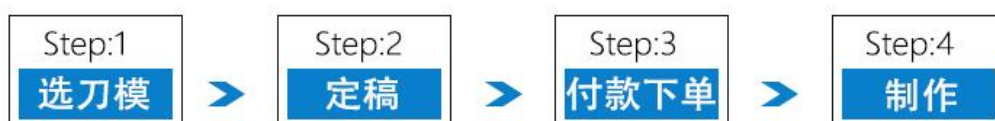

# 形状可根据需求定制
