

Model	HB-160SH	Voltage	220V/110V
Brand	Hongxin	Power	1000W
Name	Heavy-duty single hot cutting machine	Cutting Speed:	100pcs/min
Cut Tool:	Hot Cutting	Cutting Width:	160mm max
Cutable Materials:	Webbing Nylon ribbon rope	Cutting Length:	Max 9999cm

Cutable materials

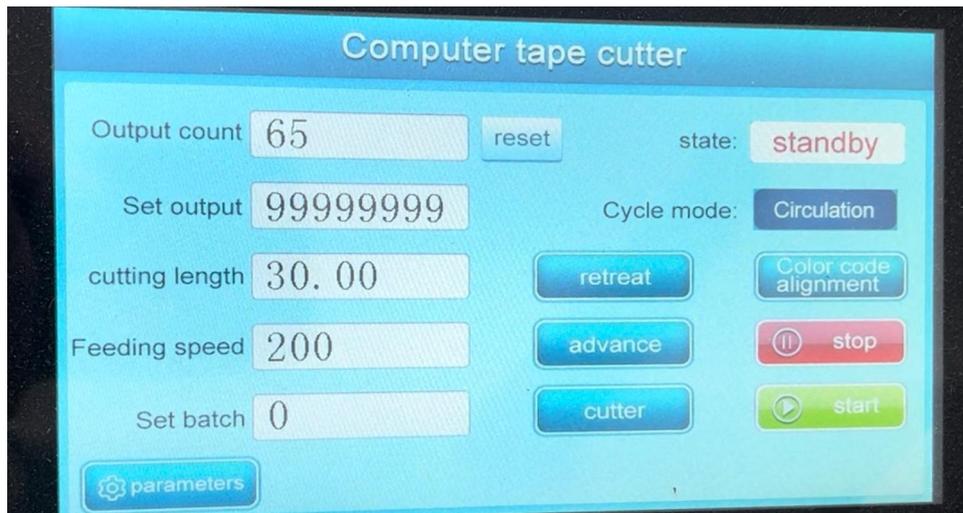

**webbing
Nylon
Ribbon**

**Lifting slings
seat belt**

**Safety rope
bungee rope
nylon rope**

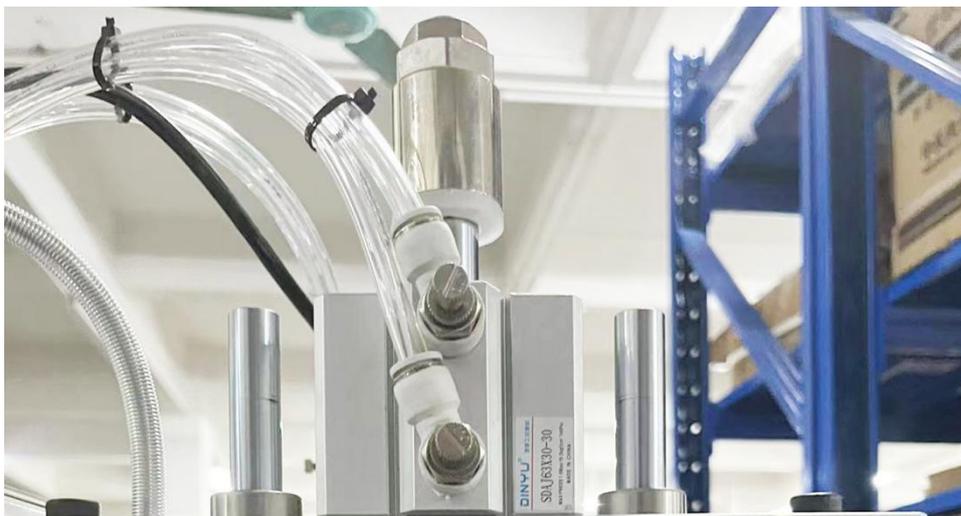

The touchscreen controls the length and speed; if heating is used for cutting, the blade pressing time can be set for better edge sealing.

It uses high-hardness imported blades and can cut thicknesses up to 10mm.

Made with wear-resistant urethane rubber wheels, resulting in a longer service life.

Employing a high-powered cylinder for downward cutting, it can perfectly cut ultra-thick materials such as thick ropes.
